QUALIFICATION

CHC40108 Certificate IV in Aged Care

CAREER OUTCOME

This qualification helps to prepare individuals for supervisory or team leader roles within the community services industry, and meets the industry requirements for positions within a residential aged care facility, or a home and community carer facility, or a health care facility. Individuals will be equipped with the sound theoretical knowledge and skills needed to provide services to people with complex needs and to work with groups with older people.

ENTRY REQUIREMENTS

For entry into the Certificate IV in Aged Care, candidates are required to be 18 years of age or older, to have satisfactory completion of primary and secondary education of approximately 12 years of duration, possess an English language proficiency of IELTS 5.5, TOEFL 530 or equivalent and National Police Clearance for vocational placement.

To gain direct entry into the Certificate IV in Aged Care, a candidate must be recognised as competent, through a recognised training program or recognition process, against the core units from CHC30212 Certificate III in Aged Care (or equivalent).
Learning outcomes include:

- Provide support and assistance to individuals with complex needs
- Develop and deliver client services
- Implement and monitor organisational policies, procedures and systems
- Organise, resource and deliver a broad range of group activities
- Provide support to people with dementia in a variety of organisational settings
