REQUIREMENTS

Where the **KIMT** requires, either directly or through a third party, a prospective or current learner to prepay fees in excess of a total of \$1500 (being the threshold prepaid fee amount), the RTO must meet the requirements set out in the Requirements for Fee Protection in Schedule 6. (Requirements for protecting fees prepaid by individual learners, or prospective learners, for services)

These requirements do not override obligations and requirements of the Education Services for Overseas Students Act 2000.

The RTO addresses learner fee protection by implementing one or more of the following arrangements:

1. The **KIMT** holds an unconditional financial guarantee from a bank operating in Australia where:
 - a. the guarantee is for an amount no less than the total amount of prepaid fees held by the **KIMT** in excess of the threshold prepaid fee amount for each learner for services to be provided by the **KIMT** to those learners; and
 - b. all establishment and ongoing maintenance costs for the bank guarantee are met by the **KIMT**.
2. The **KIMT** holds current membership of a Tuition Assurance Scheme approved by its VET Regulator which, if the **KIMT** is unable to provide services for which the learner has prepaid, must ensure:
 - a. the learner will be placed into an equivalent course such that:
 - the new location is geographically close to where the learner had been enrolled; and
 - the learner receives the full services for which they have prepaid at no additional cost to the learner; or
 - b. if an equivalent course cannot be found, the learner is paid a refund of any prepaid fees for services yet to be delivered above the threshold prepaid fee amount.
3. Any other fee protection measure approved by the VET Regulator.

REFUND POLICY AND PROCEDURES

PROCEDURE

In the case of provider default, **KIMT** will fulfil its obligation under the ESOS Act and Tuition Protection Service (TPS).

In the case of student default, the amount to be refunded by the **KIMT** is calculated according to the Calculation of Fees and Refunds Table in this policy.

The refunds must be calculated in accordance with the Legislative Instrument made under section 47E - the Education Services for Overseas Students (Calculation of Refund) Specification 2014.

This document describes processes for claiming a refund.

KIMT will only pay a refund to the student; or to a person nominated by the student only when written authorisation is given by the student in favor of another party.

Student unsatisfied with refund or the processes for claiming a refund have rights to make complaints and seek appeals of decisions internally and externally according to **KIMT Complaints and Appeal Policy, Procedures and Process**.

REFUND POLICY AND PROCEDURES

- Tuition fee - Refer to Calculation of Fees and Refunds Table

Where student requests for **deferment after commencing studies** at **KIMT** that is more than one semester, it will be treated as student's withdrawal from the current semester. The student is required to pay fee incurred for the current semester and re-enrol after the deferment period paying the respective tuition fees again.

The non-refundable portion of the fees is kept by **KIMT** to offset the administrative costs incurs explicitly while delivering services to international students in compliance with the ESOS Act and the National Code 2018. If a student cancels or withdraws from a course, the loss of revenue is incredibly high, can be higher if **KIMT** is unable to recruit another student in the place of withdrawing student due to a shorter timeframe. Thus, in all circumstances, except for visa refusal, **KIMT** will deduct certain percentage or demand student to pay tuition fees for the whole semester.

If tuition fees remain outstanding, KIMT reserves the right to withhold any Certificates and Records of Results achieved by the student.
